| Medical Advisor Report  | Ann Hoffman, MD, Medical Advisor | Testing and anti-body testing available at MBMC. How can we encourage more people to wear masks? Health Officer encourages mask wearing and social distancing. The BOH would not be opposed to an order requiring mandatory mask wearing for residents/visitors of Juneau County.<br><i>Approval of Health Officer and Board of Health Chair to release advisory on Masking in Juneau County*:</i><br>Motion by: Steve Thomas<br>Second by: Orville Robinson            |
| Hawthorn Project Closeout   | Jennifer Froh and Jodi Field     | Training was very good! Didn't get to participate in too many group activities due to COVID restrictions, but it still went well. Taught staff self-care and to be more trauma informed when dealing with clients. Staff would like to have more training /learning opportunities regarding trauma. BOH was very receptive and supportive of staff taking some time for refresher training in Trauma Informed Care on a regular basis, to include all staff in-service. |
