

LEPC MEETING

March 21, 2018, 10:30 AM
 Juneau County EOC
 200 Oak Street
 Mauston, WI 53948

Meeting Agenda

A. Call to Order

B. Roll Call

C. Minutes of: December 20, 2017 LEPC Meeting

D. Public Concerns.

E. Old Business

1. WISCOM Radio System Update – The “Scope of Work Agreement” is being completed between Juneau County, Elert & Associates and EF Johnson on system requirements, upgrades and improvements that will be made to the radio system. The agreement is being finalized and work should start in April 2018. New free standing radio tower is being constructed on the south side of the Justice Center due to the demolition of the annex building and the required removal of guy wires on the old tower.

2. 2016 Exercise Grant for Juneau County Update – The initial planning meeting for the full scale exercise involving the “Long term loss of electrical power” due to an ice storm will be held on April 4, 2018 at the Justice Center from 1000 – 1200. The full scale exercise is scheduled for June/July 2018.

3. FFY 2015 Pre-Disaster Mitigation Plan Grant Update– Darryl Landeau of NCRPC has completed the All-Hazard Mitigation Plan. The plan has been approved by FEMA, State of Wisconsin, Juneau County LEPC and the Juneau County Board adopted the plan by resolution on January 23, 2018.

F. New Business

1. Hazmat Team Report

a.) Lyndon Station Fire Department has asked to take over the county hazmat team duties and response to hazmat incidents.

2. JCPPP Report – Theis & Horkan

3. ARC Report – Michelle Tischer

4. Hospital EM Report – Retired Hospital EM - Mary Crowley

- a.) Report on possibility of full scale exercise combined with “Patriot North” exercise in 2018 at Volk Field.

5. DNR Report – Melissa Gilaume-Cappaert, Chad Nichols

6. Updates – Off-Site Facility Plans – One (1) new Off-Site Facility plan has been submitted for Parker Hannifin, Mauston, WI. Two (2) updated Off-Site Facility Plans have been completed for Merrick’s, Inc. Wonewoc, WI. and K-mart #7648 in Mauston, WI.

7. Flooding Issues in Clearfield Township – The Army Corp of Engineers advised the funds for the study have been allocated by the federal government under “Continuing Resolution” of the federal budget. However the funds are held up until a federal budget is passed. Clearfield Township has passed ordinances requiring culverts in driveways and the filling of roadway ditches which should help with the flooding issues. Matt Komiskey is working with the Army Corp of Engineers and the EM Office on streambank and shoreline erosion protection in Juneau County.

8. Estimates for concrete floor in Emergency Management Storage Building.

Received two bids, work to be completed in the spring of 2018.

G. **Other Business**

1. Any other business to come properly before the LEPC Committee for discussion.
