CLTS

**Children's Long
Term Support
Program**

Definition of Program

Children's Long Term Support Waiver Program (CLTS) provides Medicaid funding for children who have substantial limitations in their daily activities and need support to remain in their home or community. Eligible children include those with developmental disabilities, severe emotional disturbances, and physical disabilities. Funding can be used to support a range of different services based on an assessment of the needs of the child and his or her family. Some services include: respite care, supportive home care, adaptive aids, mentoring, and training for families of children with disabilities.

Eligibility

- Under 22 years of age
- Enrolled in, or eligible for, Wisconsin Medicaid
- Live at home, in foster care setting, or eligible community-based setting
- Meet functional and financial requirements
- Be able to receive safe and appropriate care at home and in the community

How to Apply

You may apply in person at the Juneau County Services building or contact Juneau County Department of Human Services at 608-847-2400 and ask to make a CLTS referral.

Once a referral is received it will be assigned to a service coordinator. The service coordinator will contact you to schedule an assessment.

Role of the County in CLTS

The county's role is to assist families in the application process and provide service coordination when a child is receiving CLTS services. This includes working with the family to develop an Individualized Service Plan (ISP) that will include the services and supports needed to address the child and family's unique needs. Service coordinators continue to work with families to assure that the child's needs are being met over time

Role of the family in CLTS

Families assist in identifying the needs of the child and family and determining which services and supports will be beneficial. The family will participate in ongoing service planning to address additional needs as they arise and evaluate the effectiveness of current services/supports.
