Approval of the Minutes:

Jack Jasinski made a motion to approve the September minutes and seconded by Alan Peterson. Motion carried and the minutes were approved.

Discussion of office activities over the past year:

The Land Information Office will be updating the next 3 year plan. Consideration for LIDAR is being talked about for the purpose of getting culvert data, updated stream data, new contours. We have been in touch with other departments that will benefit from it and also the vendor on what sort of funding is available. Adams County used the Juneau, Adams & Wood (JAW) Child Abduction Response Team (CART) Application that we built. It was used for an adult person that went missing, but worked in assisting Law Enforcement in locating the missing person. New county aerial photos were flown in the Spring of 2020.

2021 Budget review and Approval:

Bret presented the budget for 2021. He changed the amount listed in the Office Supply line, because Land Information still is responsible for purchasing stuff for the plotter. There were also a few incorrect numbers for amounts of money that have been taken in by the county. Alan Peterson made a motion to approve the budget, but have updated numbers for the Finance Meeting and was seconded by Jack Jasinski. The motion carried and the budget was approved

Adjournment:

A motion was made to adjourn the meeting by Roy Granger and seconded by Jack Jasinski. The motion carried. The meeting was adjourned at 8:50 AM.

Respectfully Submitted,
Bret A Davies
